Huntsville Reproductive Medicine, P.C.

NEW PATIENT PACKET

BEFORE YOUR FIRST VISIT

Before your appointment, please complete the attached demographics and infertility history form online. Once complete, save the document and email to patientpaperwork@hsvrm.com. You can also print the completed paperwork, scan and email to patientpaperwork@hsvrm.com. In addition, if you have medical records, email those records with your completed paperwork. If you have had an HSG and are in possession of the films, please bring them with you to your initial consult.

WHAT TO EXPECT

Please plan to arrive at our office 15 minutes prior to your appointment, allowing ample time for parking and locating the office. A map and picture of our building are attached to better help you find us. Every effort will be made to start your consultation at the scheduled time. Please visit our website at www.huntsvilleIVF.com for more information.

Your initial consultation will last approximately 45 minutes. We will need to get a copy of your insurance card and your driver's license for your first visit. Your co-payment will be collected when you check in and you will then meet with the doctor where he will review your history and discuss your options. If is preferable that your spouse/partner be present if at all possible. ***We understand that sometimes situations can't be avoided, but we ask that you not bring children to your initial consultation appointment.***

INSURANCE & FINANCES

We participate with most insurance plans. However, make sure you have given us your insurance carrier's name before you come so that we can verify that we are approved providers with your particular plan. If we do not participate with your insurance carrier, you will be responsible for the entire visit. Your initial visit will be approximately $200.00, but the fees could run several hundred dollars more depending up the testing and diagnostic work-up required. Please note that we are contractually obligated by insurance companies to collect co-payments, and if we do not, we are subject to penalties from insurance companies. We will file your claims with your insurance carrier, but in the case of disputes over coverage and payments, the patient is ultimately responsible for communicating with their insurance company.

CANCELLATION POLICY

At least two business days before your appointment, we will call you to confirm your appointment. If we are unable to confirm your appointment after repeated attempts, we reserve the right to reschedule another new patient in your time slot. If it becomes necessary for you to cancel your appointment, we ask you give at least 24 hours notice, so that we can then contact other patients who may be able to use that appointment time slot. **Without 24 hours notice, a $40.00 fee will be required to reschedule.**

Thank you for choosing Huntsville Reproductive Medicine for your specialized care. We look forward to seeing you!

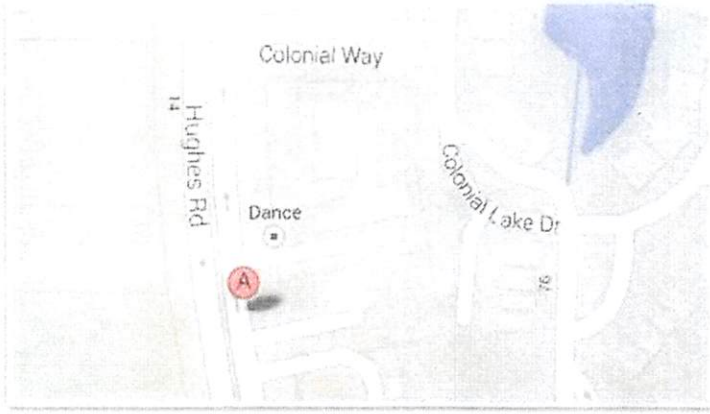
Office Hours

Our office hours are by appointment only.

- Monday through Thursday, 7:00am to 5:00pm
- Friday, 7:00am to 2:00pm

We are closed on weekends and holidays except for scheduled procedures ordered by the physician.



Phone Calls

Phone messages may be left on voice mail, but non-urgent calls after 2:00pm may not be returned until the next day. Please leave a detailed message when you call so that we are aware of the nature of your call and can better serve your needs. When scheduling blood work, ultrasound, or any other study, please mention your cycle day and nature of the testing. Please be ready to provide a pharmacy phone number for any medication-related inquiry.

Huntsville Reproductive Medicine, P.C.
Specializing in Reproductive Endocrinology & Infertility

Helpful Guidelines for Patient Phone Calls

Huntsville Reproductive Medicine is committed to providing the best care possible to all of our patients. During in-office visits, we strive to give our complete attention to the individual patient. We cannot provide this one-on-one patient care while attending to a large volume of patient phone calls at the same time. Therefore, the nurses are only able to intermittently check messages during the hours of 7am-10am.

If you have an urgent issue during these hours, please speak directly with the receptionist. If you leave a message, the nurses will return your call as soon as possible. Calls received after 2pm may not be returned until the following day. Please remember that calling repeatedly during the day does not speed up a return call, as we will return any call at the earliest time possible.

Appropriate patient phone calls to the nurses include reporting worrisome symptoms, post-operative complaints, prescription refills, and other urgent or time-sensitive needs. Appropriate phone calls to the receptionist include scheduling of testing, insurance/billing questions, requests for work excuses, etc.

Some issues such as "What do my lab results mean?" or "What are my next treatment options?" are best addressed in person with your doctor at a return visit. Before the time of each diagnostic test (e.g. ultrasound, blood work, semen analysis, HSG, etc.), you should confirm with the staff how your results will be conveyed to you. Usually, the results are reviewed at the next scheduled appointment. We do not routinely give test results out over the phone due to multiple concerns (including medico-legal issues, and the limitations of the nurses to discuss what the results mean for the individual patient.

Thank you in advance for your understanding and cooperation with these helpful phone call guidelines.

PRIOR AUTHORIZATION FEES
(Effective June 1, 2006)

We recognize that our patients can save substantial amounts of money using a mail order pharmacy and we realize that patients have a choice in where to purchase their prescriptions, locally or by mail order. **For those patients whose pharmacy, mail order or local, requires a Prior Authorization, we have instituted a one-time fee of $20.00 to process this insurance-mandated authorization (this charge is not billable to your health insurance plan).**

We appreciate your understanding and regret the need to charge for these services.

Huntsville Reproductive Medicine, P.C.

To Our Valued Patients,

As you know if you have ever checked into a hotel or rented a car, the first thing you are asked for is a credit card, which is imprinted and later used to pay your bill. This is an advantage for both you and the hotel or rental company, since it makes checkout easier, faster, and more efficient.

Since 2006 we have utilized a similar policy. All new patients provide a credit card at the time of their check in and we hold that information securely until insurance has paid its portion and notified us of the patient's share.

Your card will **never** be charged until insurance has paid their share; you will receive a receipt by mail when charges are made; and you will always be notified in advance if the amount to be charged is greater than $200.00.

This will be an advantage to you, since you will no longer have to write out and mail us checks. It will be an advantage to us as well, since it will greatly decrease the number of statements that we have to generate and mail. This combination benefits everyone by helping to keep healthcare costs down. **This in no way will compromise your ability to dispute a charge or question your insurance company's determination of payment.**

Copays that are due at the time of the visit will, of course, still be collected at the time of the visit. For any outstanding balance of greater than 30 days, we reserve the right to charge the entire balance.

Patients who do not have a credit card will be required to pay $200.00 into an "Escrow" account that will be used to pay remaining balances after insurance has paid its portion.

If you have any questions about this payment method, please do not hesitate to ask us.

Huntsville Reproductive Medicine, P.C.

CREDIT CARD PAYMENT INFORMATION AND AUTHORIZATION

Name (as it appears on credit card): _____

Credit Card Name: _____VISA ____MasterCard ____AMEX ___Discover
